

Thank you for joining the Successful Homemakers' community!

Your free back to school printables are available here in both black & white and color versions.

I have one request of you, dear reader-

*Please don't share this file link with others.*

If you'd like a friend to enjoy these free printables, just direct them to the website where they can download their own copy.

Thank you and enjoy!

Have a great school year!

~Laurie

# Note Taking Helps

## How to identify important ideas for note taking:

"Because"- This is generally used to give reasons. Reasons make good notes.

"Important"- If a speaker uses this word, write down what follows.

"Lists"- Information given in list form is usually important.

"New words, phrases, definitions"- Write these down to remember later.

"Questions"- If a speaker asks a question, generally the answer is coming.

"Repeated Info"- If you hear the same info repeated, write it down. Generally important info.

## Note taking tips:

Taking notes keeps you engaged in the lecture or speech.

Rephrase the info into your own words.

Don't try to write info word for word.

Your notes don't have to be complete sentences.

Use abbreviations and symbols.

Write legibly and neat, so that you are able to read your notes.

If your notes are not easily read, re-write them as soon as possible.

Take note of any new words or phrases to look the definitions up later.

Make note of the highlights, not the mundane.

## Note Taking Methods:

Numbered lists

Boxes & Bullets- Main idea followed by details

Timeline

Graphs

Sketches & Diagrams

Venn Diagrams- differences in circles with similarity within both circles

Mapping- topic in center with lines radiating out to each detail
